Message from the Supervisor

Our newsletter is a report to our constituents to show you how our operations are progressing and how the Town is doing overall. We continue to work as a team in serving our residents in the most effective and cost-efficient manner possible.

The 2023 Town Budget was again a difficult one for us to work on with so many unknowns to deal with in terms of state aid, sales tax and the cost of state mandates that affect our town operations. We continued to keep our annual budget within the state-imposed tax cap, while at the same time experiencing ever-increasing state mandates with no relief in sight. Sales Tax, which our town relies on to fund our Highway Department and in part, our general fund, increased for 2022 and that helped us in maintaining our operations and staying, once again, under the state-imposed tax cap.

Home Rule is once again being challenged by our Governor. A proposal in the Governor's Budget preempted local government's zoning authority in an effort to expand affordable housing. While we agree that having affordable housing is essential for a community to thrive and that rising cost of living and scarcity of available housing has created an affordable

housing issue in many parts of New York State, we call upon the Governor and state legislature to collaborate with local governments on any state initiatives addressing affordable housing. Simply put, we ask that our local authority, as granted by Municipal Home Rule Law, remain in place and honored in any legislation or state programs created to address affordable housing.

As a reminder, we continue to deal with property owners who violate our Building Maintenance Codes and Building permits procedures. This behavior increases the work load for our code officers, town clerk, town judges, town attorney, etc. Properties that are in violation of various building codes also generate safety and health issues that negatively affect neighbors and the surrounding community, not to mention property values. We will not sit idly by and we will take whatever necessary action under the law

Michael Marinaccio

(continued on page 2)

Message from the Supervisor (continued)

to hold property owners responsible and correct the violations.

The Town called for a moratorium on solar farm projects due to the high volume of solar farm applications that were brought to our Town Planning Board. Though we had a Solar Farm Town Law in place, due to rapid high volume of applications, we needed time to pause and review our current law and look at the best way we can protect nearby residents. A Solar Farm Committee was appointed and they are currently reviewing our current law and will advise the Town Board of any revisions that they recommend. All of the applications were concen-

trated along Glenwood Road and within close proximity to each other. One solar farm project was approved by the Planning Board over a year ago but we have not seen any construction activity there. This project is also located along Glenwood Road and is above the St. Michael's and Glenwood Road cemeteries.

As always, it is an honor and a pleasure to serve the residents of the Town of Dickinson and I am looking forward to working with you, our staff and our elected officials in a continuing effort to keep the Town of Dickinson as a great place to live.

Annual New York State Audit Report

Once again, the New York State Audit & Control rated the Town of Dickinson very high in the Town's financial status. The State reviews all aspects of our Financial Status such as the General and Highway Funds, Personal Services, Employee Benefits, Bonding, etc. and reported that the Town of Dickinson was in an excellent financial position.

Major Road Project

This year we will be doing a major project on Sunrise Drive. Due to ongoing drainage issues, we will be replacing the under-drain which will involve removing all the curbs. We will also be making improvements to the road which will involve 600 ft. of new water main. This project will last several months. We will be contacting the residents for this project with more information in the future.

Water/Sewer Rates

As a reminder, the Town of Dickinson does not have its own water wells or sewage treatment plant but instead, we purchase our water from the Town of Chenango, City of Binghamton and Johnson City. We average the rates that we are charged plus we add our maintenance and administration costs and come up with the rate that you are charged. Over the years the rates have increased due to water treatment costs for our suppliers and our own increased labor and equipment charges. The same is applied to our sewage rates.

Town Appointments

If you are a resident in the Town of Dickinson and you are interested in becoming a member of our Zoning, Planning and Board of Assessment Review, email your interest and a short resume to:

mmarinaccio@townofdickinson.com

You will be considered when an opening occurs.

Glenwood Cemetery

The Glenwood Cemetery is owned and operated by the Town of Dickinson. If you are interested in purchasing a plot or would like more information, please contact us.

Private Regular Plot: \$550.00
Opening/Closing, \$500.00
Private Cremains Plot: \$250.00
Opening/Closing, \$300.00

Contact: Darrell Dennison,
Administrative Assistant
Town of Dickinson

Town Court

Town of Dickinson Court

Welcome to the Town of Dickinson Court! Your court is part of the Sixth Judicial District Courts of the New York State Unified Court System. This includes the counties of Broome, Chemung, Chenango, Cortland, Delaware, Madison, Otsego, Schuyler, Tioga, and Tompkins.

Most of the work at the Court centers on Vehicle Traffic Law infractions and misdemeanors. This would include arraignments, trials and sentencing. The Court also can arraign on felonies however, after arraignments are completed, felonies are typically handled in the higher courts. With the Broome County Jail located within the jurisdiction of the Court, any criminal activity that occurs with inmates at the jail that require further court action will be heard in the Dickinson Court. In addition, this Court will also hear violations stemming from residents disobeying Town ordinances such as parking, building codes or dog control issues.

This year, we are pleased to announce New York State's first ever Apprenticeship Program created by Dickinson Court for the Sixth Judicial District. Teaming with SUNY-Broome's Paralegal and Criminal Justice program, a highly qualified paralegal graduate of that program, Alicia Gosney, is spending time in our court learning the

innerworkings of being a Court Clerk in a very busy court. Dickinson Court Clerks, Stacy Thatcher and Bradley Wallace created the curriculum and are responsible for Ms. Gosney's training. In addition, Ms. Gosney will be spending some time with our Chenango Town Court partners in this program. We are confident that she will be prepared to help fill a vacuum for clerks not only in Broome, but anywhere she wishes to seek employment across New York State in Town and Village courts. Anyone wishing to find out more about the Apprenticeship Program either for yourself or someone you know, please contact Stacy Thatcher at the Court number (607) 723-9404.

As a final note, a reminder that Judges will perform marriage ceremonies subject to their time availability. Ceremonies can be performed anywhere that is mutually agreed upon.

Should you have any questions regarding the operations of the Court, please find us on the Town of Dickinson website.

Lead Services

The EPA, (Environmental Protection Agency) has passed a new mandate for Municipalities to identify lead services so we need your help in doing this. Please go to the following Link and fill out a brief survey.

It shows you how to inspect and identify your houses service connection. You can complete the Water Dept. Survey to let us know which pipes you have at your business or residence at:

Survey (townofdickinson.com)

Town of Dickinson Aging Demographics

In the year 2000, residents age 60+ made up 24.2% of the Town of Dickinson population. This was a decline from the 1990 (24.9%) Census data. The 2016 Census data estimates that residents 60+ population increased by 0.1%. In the Town of Dickinson, the 60+ population increased from 1,373 in 1990 to 1,374 on 2016.

New York Association of Towns

Supervisor Michael Marinaccio was recently elected as the 2nd Vice-president of the Statewide Association by a unanimous vote of the association membership. "I am so very honored to progress to 2nd Vice-president of our New York State Association of Towns and I will continue to work for all our towns throughout the state in dealing with the many issues that have a negative impact on our tax payers including Local Home Rule".

Memoriam

Flags flown at half-staff in honor of the passing of Town of Dickinson former Supervisor John Robert Conklin.

The Broome County Association of Towns & Villages elected its new officers for 2023. President, Linda Jackson, Mayor of Endicott, Vice-president, Town of Binghamton Supervisor Elizabeth Rounds, Treasure, Steve Gardner, Councilman, Town of Dickinson, Secretary, Sue Messina, Councilwoman, Town of Vestal.

TOWN OF DICKINSON

YARD WASTE COLLECTION/SNOW REMOVAL

2023 SCHEDULE AND COLLECTION PROCEDURES

YARD WASTE:

IMPORTANT - This is a vital service aimed at collecting limited amounts of vegetation. We cannot pick up large amounts of brush, limbs, or tree trunks.

TOWN OF DICKINSON YARD WASTE PICKUP DAY IS MONDAY

- Pickup will begin at 7:00 am on Monday, April 3, 2023 and continue until Tuesday, November 13th, 2023.
- If Monday is a holiday, pickup will be on Tuesday. On weeks with a major holiday, pickup could be Tuesday or Wednesday after the holiday.
- Place grass and other waste in solid containers - **NO PLASTIC BAGS!**

Branches and brush need to be bundled and tied in approximately 4-foot lengths.

IMPORTANT - CONTAINERS AND BUNDLES SHOULD NOT WEIGH MORE THAN 40lbs.

Overweight containers/bundles will not be picked up.

LIMIT OF 6 CANS/BUNDLES PER WEEK

NOTE: Yard waste schedule is enclosed. Please do not put garbage or plastic in your yard waste. No dirt or rocks either. This service is for yard waste only. Please don't put more than forty pounds in a can. Containers must have handles on them or they will not be picked up. Yard waste pick up starts at 7:00 am every Monday. Depending on how much yard waste is put out governs what day it will be picked up. Public Works staff start at one end of the Town and keep going until it's all picked up. Weeks that have a holiday on a Monday, pick up will start the next day.

FALL LEAF PICK-UP:

Rake leaves to the curb or place in cans.

Pickup will begin shortly after leaves begin to fall and will end on the first snowfall.

Pickup could be any weekday. **DO NOT MIX YARD WASTE WITH THE LEAVES.**

SORRY - NO COMMERCIAL, BUSINESS, SCHOOL, OR CHURCHES.

SNOW REMOVAL:

It is against the law to shovel or snow blow into the street.

Please abide by Storm Parking Regulations as posted throughout the Town of Dickinson.

TOWN OF DICKINSON (Not including Village of Port Dickinson) SNOW ORDINANCE STATES IF THERE ARE **2 INCHES** OF SNOW ON THE GROUND, OR **2 INCHES** OR MORE PREDICTED - **NO PARKING** WILL BE ALLOWED ON THE TOWN OF DICKINSON STREETS.

CHRISTMAS TREES:

Place at curb for pickup most any day until January 31st, 2023.

This will BE STRICTLY ENFORCED

THANK YOU,
JOEL KIE, PUBLIC WORKS COMMISSIONER

HELLO FROM THE TOWN CLERK'S OFFICE!

Greetings to the residents of Town of Dickinson

With Sue Cerretani retiring on March 3rd, it is with great excitement that I have the privilege & honor to be accepting the position as Town Clerk. Sue has done an exceptional job and she will be missed greatly. We wish her all the best in her future endeavors!! We would also like to extend a warm welcome to the new Deputy Town Clerk Linda Lee as she will be a great addition to our office staff.

Please visit the Town of Dickinson website at www.townofdickinson.com for town news, events, meeting and holiday schedules, meeting minutes, yard waste and leaf pickup schedules, and much more.

I am looking forward to serving the Town of Dickinson residents in the coming year.

Wendi Evans, Town Clerk

From Sue Cerretani

On March 3, 2023, I stepped down from the Town Clerk position to enjoy retirement and begin the next chapter of my life story. I am grateful to have had the opportunity to serve the residents of the Town of Dickinson over the last ten years and hope that I served you well! It has been a pleasure and a privilege.

My Best!

Susan Cerretani

Installation of Corporate Officers for 2023

Prospect Terrace Fire Company

The Prospect Terrace Fire Company had another busy year providing fire protection to Prospect Terrace area of the Town along with assisting several of our mutual aid departments throughout the year. On February 4th we held our annual Installation of Fire Company Officers and Fire Company Corporate Officers that were sworn in by Deputy Town Supervisor Danny Morabito. Due to an unexpected illness, Supervisor Mike Marinaccio was not able to perform the Oath of Office Ceremony and the State of the Town Address.

We had the unfortunate passing of two of our members: David Morford who served the department for 33 years and John Choynowski who served the department for 20 years.

We would also like to remind all town residents that the NYS Burn Ban goes into effect starting March 16th to May 14th. Also, we are always looking for new members for many jobs to be done within the department. If you are interested in giving back and serving your community, stop on down to the firehouse on Wednesday evenings at 6:30 PM to meet with our membership committee. Keep an eye out for several fund-raising events that we hold throughout the year.

The following members were sworn in.

Fire Company Officers

Chief: Jason Delanoy
1st Assistant: Chief Kyle Doyle
2nd Assistant Chief: David Tripicco
Lieutenant: Adam Lubbe
Lieutenant: Michael Cisek
Lieutenant: Eric Novobiliski

Fire Company Board of Directors

Dave Smith
Mike Cisek
Adam Lubbe
Eric Novobilski
George Zlock

Fire Company Board Officers

President: Tom Pudish
Vice President: John Kolly
2nd Assistant Chief: David Tripicco
Secretary: Allison Springfield
Treasurer: Keith Delanoy

Town Engineer

The Town of Dickinson is an MS4 community. What does that mean? Basically, it means that our storm water is separate from our sanitary sewer system. All of our rainwater flows into the storm sewers and off to small tributaries, making its way to the Chenango and Susquehanna Rivers. From there, it snakes its way down to the Chesapeake Bay region. All the contaminants that are deposited on surfaces that receive rain, such as leaking oil from your car to the driveway, car washing, and other types of pollutants work their way there. Due to a dead zone in the bay area, the EPA (Environmental Protection Agency) and DEC (Department Environmental Conservation) govern and police these water ways.

What does that mean for you? Please pay attention and do not dump any chemicals like used motor oil, paints or old gas down catch basins. Be aware of fertilizers and the potential for run off. If you have to have the perfect yard pay attention to the weather and the manufacture's instructions when it is the best time to apply chemicals to your yard. You may not know this, but the town has an ordinance that does not allow discharging of grass clipping into the street.

Please help the Town keep our streams and rivers clean for everyone to enjoy them for boating, fishing, and swimming. Some communities use the rivers for drinking water such as Binghamton, and we buy water from them. So please be mindful of discharging materials that pollute our water and enjoy our natural resources.

Ron Lake, Town Engineer

Dickinson Gems

Glenwood Road Gorge

Cutler Pond

CODE ENFORCEMENT DEPARTMENT

2022 was a busy year in the Code Enforcement Department. A total of 82 building permits representing over \$1,000,000 worth of construction were issued. Although there were no new commercial projects, most permits issued were for improvements to residential properties. These permits included new roofs, decks, siding, sheds and swimming pools. This is an excellent opportunity to remind residents and property owners that building permits are required for most projects that involve improvements to the exterior of the property. Fence permits are also required for the installation of fences. Application forms for both building permits and fence permits can be found on the Town website. The other focus of the Code Enforcement Department is the enforcement of local codes and ordinances. 2022 there were 118 violations issued and 21 appearance tickets issued. These include unlicensed vehicles, tall grass, garbage complaints and unkempt properties, snow on sidewalks, etc. The New York State Department of State several years ago required that most violations have a thirty-day period for persons to bring their properties into conformance. Snow on sidewalks violations is not subject to the thirty-day conformance requirement. The purpose of the 30-day time period was to assure that all state residents had the same length of time to correct violations. If violations are not corrected within that time period, an appearance ticket is issued before the Town Justice Court. Based on the 30-day time period for compliance and the scheduling of an appearance ticket, your patience is appreciated in trying to resolve

issues.

The Code Enforcement Office has also started completing Fire Inspections of all businesses and apartment complexes within the town. This is to ensure the safety of all businesses within in the town are up to and following NYS Fire Codes. Another ongoing issue we have been running into is the number of complaints regarding garbage on rental properties. Per Town code **Chapter 462 Article 2 Section 462-3-2 It shall be the duty of every owner and occupant to provide, for exclusive use his/her parcel,**

household unit or non-household-unit, sufficient receptacles for solid waste and recyclable material ordinarily generated upon such parcel. Any container that does not conform to the provisions of this chapter or that may have ragged or sharp edges or any other defect liable to hamper or injure the person collecting the contents shall be promptly replaced upon notice. The owner of a parcel shall be responsible and liable for compliance with this chapter by the occupants of said parcel.

Also, to remind all Town residence that it is required by NYS Fire Code that all homes and buildings have visible address identification. This

helps in the event of an emergency for first responders to clearly see your address.

505.1 Address identification.

New and existing buildings shall be provided with approved address identification. The address identification shall be legible and placed in a position that is visible from the street or road fronting the property. Address identification characters shall contrast with their background. Address numbers shall be Arabic numbers or alphabetical letters. Numbers shall not be spelled out. Each character shall be not less than 4 inches (102 mm) high with a minimum stroke width of 1/2 inch (12.7 mm). Where required by the fire code official, address identification shall be provided in additional approved locations to facilitate emergency response. Where access is by means of a private road and the building cannot be viewed from the public way, a monument, pole or other sign or means shall be used to identify the structure. Address identification shall be maintained.

Exception: Buildings identified under an addressing scheme as part of a county wide 911 numbering system.

Code Enforcement staff is always willing to assist any property owner or residents with any questions that they may have concerning town codes and their requirements. You are encouraged to email the Code Enforcement Department or leave a voice mail message. Contact information is available on the Town Website.

Kyle Doyle, Code Enforcement Officer

MUNICIPAL CLEANUP DAY

The Town of Dickinson will hold a Municipal Cleanup Day

**Saturday, May 20, 2023
from 9 am to 3 pm**

**at the Town of Dickinson Highway Garage
531 Old Front Street, Binghamton, NY 13905**

Wastes eligible for this program include bulk items, white goods, scrap metal, wastes from illegal dump site cleanups, and other wastes as may be collected through your special cleanup day effort. Wastes not eligible for this waiver include: General municipal solid wastes, leaves and yard wastes, construction and demolition debris, and other wastes that are managed through the course of regular collection services.

- White goods (e.g., appliances) will be accepted if the doors are removed.
- Tires will be accepted, limited to 8 per residence
- No electronics, chemicals, paints, yard waste or garbage will be accepted
- Participation is limited to Town of Dickinson residents only – no businesses.
- Identification is required

Joel Kie, Public Works Commissioner

NYS Bridge & Traffic Circle Project

The Front Street Bridge & Traffic Circle project was completed earlier this year. The New York State Department of Transportation, along with their various contractors, did a great job in the construction of this very large project and they kept traffic flowing in a very effective manner. Traffic is moving through this area, Front St. & Old Front St., very smoothly and safely. The all-purpose trail is a great addition to this project and is extremely safe with lighting, emergency cell service, sitting area and protection from the vehicles traveling across the new bridge. The Town of Dickinson Public Works Department will maintain the trails during snow and ice conditions from Old Front St. to the City of Binghamton.

Demolition of the Walk Bridge

The time frames for the demolition of the walk bridge as per NYS DOT representative, is that the letting/bidding of the project will be around July/August of this year and the demolition should begin around September. They do not anticipate any major traffic issues on I-81. We do anticipate short term noise during the night from the jackhammering that will take place during the demolition.

Demolition of another abandoned property

The Town of Dickinson has been working on the demolition of 36 Pulaski for about 2 years. The structure was condemned by the town and eventually took the owner to State Supreme Court. The court sided with the town and we are now getting bids for the demolition. As we get closer to the actual demolition, we will keep residents informed and take all necessary measures to assure that safety measures are taken.

Boland Property

SUNY Broome is purchasing property which is located above Chenango Shores and there is great concern that any development up there may cause additional flooding in Chenango Shores along with other concerns. There have been meetings with the residents of Chenango Shores and the town arranged a meeting with county officials and some of the Shores residents to further discuss these concerns. At this writing, there are no immediate plans for development on this property. More information on this issue as it becomes available.

Public Works

Public Works Commissioner Joel Kie and Town Supervisor Michael Marinaccio meeting with NYS Senator Lea Webb discussing the need of additional funding for roads, court fees disbursements and much more.

Supervisor Marinaccio participated in the Press Conference with Governor Hochol regarding the snow and ice storm that crippled Broome County in April of 2022

Town Website

We invite you to go to our town website and to browse through it. You can view all town meeting minutes, download and print various forms, contact various town officials, review planned events, and review the entire Town Code. Go to www.townofdickinson.com. There are also links to other sites that you may find interesting. ZOOM has been temporarily put on hold due to technical issues with our present system.

Retirees

Saying goodbye to Sue Cerretani and Bev Wike as they move into retirement phase of their lives. We wish them the best!

Supervisor Marinaccio recognizing Town Clerk Sue Cerretani and Administrative Assistant Bev Wike for their outstanding service to the town. Both retired on March 3, 2023

Broome County Clerk Joe Mihalko recognizing Town Clerk Sue Cerretani for her years of public service

Assemblyman Joe Angelino recognizing Bev and Sue for their long-time public service to the town.

CODE ENFORCEMENT DEPARTMENT

1. According to New York State Department of State regulations, we are required to give a 30-day period to correct violations. While this time may seem excessive, we cannot reduce the thirty-day time period so patience is necessary. If the violations are not corrected within that time period, an appearance ticket is issued for Town Justice Court.
2. Building permits are required for the majority of exterior work for new construction and alterations. This includes siding and replacement of roofs.
3. In preparing site plans for building permits, please remember that required setbacks are from the property lines to the structure. This is especially important for the front property line. The Town maintains a right of way in front of your property and the property line can vary from 5 to 10 feet from the curb or pavement of the road.

The Town of Dickinson has been concerned by the number of repeat offenders with violations dealing with garbage and debris on private property. The Town recently enacted an amendment to the Solid Waste Local Law which allows the Town to assess an inspection fee for repeat violators of the local law. This fee is in addition to any fines imposed by the Town Court. The inspection fees range from \$0 dollars for the first offense in a twelve-month period to \$500.00 for a fifth notice of violation. If the fees are assessed and not paid, the bill will be added to the town and county tax bill. It is our hope that this will reduce the number of repeat offenders and will assist in property owners maintaining their property for the betterment of all town residents.

Notes from your Dog Control Officer:

*If your dog Passes Away, is Relocated, or Changes Ownership, please be sure to notify the Town Clerk (607) 723-9402 ext. 2 immediately! If you do not notify us of the changes and ignore license renewal forms and calls, you could be summoned into court. To avoid this, please keep us informed of your dog's status!

*The annual renewal fees are:

\$15.00 for spayed/neutered dog license

\$25.00 for unspayed/unneutered dog license

\$ 3.00 for replacement dog tag

\$10.00 late fee applied (15 days past due)

Court Appearance ticket issued (30 days past due)

*Any person within the limits of the town, it shall be unlawful for any owner of a dog to be off the owner's property, unless restrained and controlled by an adequate collar and a leash not exceeding eight feet in length.

*The Dog Control Officer is equipped and trained to respond to dog related issues ONLY. If you need assistance handling other domestic animals or nuisance wildlife, contact Broome County Communications @ (607) 778-1911.

Greg Starley
Dickinson Dog Control Officer

Partnering with Town of Chenango

The Town of Dickinson continues to join forces with the Town of Chenango in acquiring significant data and research on the chronic flooding issues and most likely evidence of our efforts to resolve some or all of the flooding issues in the past. The Town of Chenango will include how Dickinson is affected due to these issues and present them to the NYS Legislature in the hopes to receive much needed funds for the estimated \$12 million dollars to mitigate the flooding issues. Any and all proposals for development in areas where drainage of storm water is present must be carefully examined to prevent additional storm water drainage into Chenango Shores and Morningside Heights. Dickinson Town Supervisor Mike Marinaccio and Chenango Supervisor JoAnne Klenovic are hoping to meet with NY Senator Lea Webb in the near future to discuss possible state funding to assist in the flood mitigation work that needs to be done.
