

**RE: PIN 950123 – Pedestrian Bridge over I-81
Town of Dickinson, Broome County**

The New York State Department of Transportation (NYSDOT) would like to notify you of an upcoming bridge project in your community. Project Identification Number (PIN) 950123 will address Bridge Identification Number (BIN) 1031190, which carries a pedestrian path over Interstate 81 (I-81) in the town of Dickinson, Broome County.

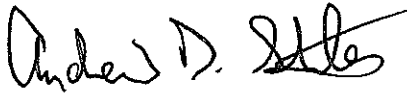

BIN 1031190 has reached the end of its service life and will be removed during the 2023 construction season. Some nighttime work (typically 7 pm – 7 am) will be required to remove the bridge and minimize traffic impacts to I-81. Traffic on US Route 11 (Front Street) and Old Front Street may experience temporary lane and shoulder closures controlled via flaggers.

BIN 1031190 is an aging structure and winter maintenance of this bridge has become increasingly hazardous. With the opening of the multi-use path adjacent to US Route 11 (Front Street), the decision was made to close BIN 1031190 for the 2022-2023 Winter Season.

NYSDOT would appreciate your comments or concerns regarding the project. If you have any questions or comments, please contact John Emm, P.E., Job Manager, by mail at Region 9 Design, 44 Hawley Street, Binghamton, NY 13901; by telephone at (607) 721-8191; or by email at John.Emm@dot.ny.gov.

Please feel free to share this letter with your constituents, neighbors, or anyone else that may have interest in this information.

Sincerely,

Andrew D. Stiles, P.E.
Regional Planning & Program Manager
