### CHAIR

### SUPERVISOR'S REPORT

#### **Supervisor's Report February 2026**

1. Reviewed the monthly town credit card statement and did not find any issues
2. We received our 4<sup>th</sup> quarter Traffic Reconciliation check for the amount of \$19,300.
3. Broome County Planning did not have any issues with our Minimum Road Frontage Local Law
4. We finally received our 4<sup>th</sup> quarter sales tax share for the amount of \$317,826.77. Total for 2025 is \$1,243,773.10
5. I attended the municipal leaders meeting sponsored by NYSEG last week. I found the meeting to be very informative in regard to the challenges for both the residents and for them. It was two meetings with a great deal of facts and figures to review; I did learn that 13% of our utility bills are state and federal taxes. There is an increase in electricity demand and due to the extremely cold weather, the same goes for natural gas usage. I also learned that smart meters do not add and increase on your bill but instead, transmit the exact usage instead of estimating bills. I hope that NYSEG continues to hold community meetings to share this information in an effort to educate the public and have a keener understanding of the costs associated with gas and electricity.
6. I will be sending everyone a message on the up-and-coming New York Training school and business session in a few days so please watch for it.
7. I am very happy to announce that Darrell applied for a grant with the Cyber Security state program and we recently received notice that received notice the grant was awarded to the town. It could be worth between 3 to 5 thousand dollars.
8. Both Joel and Darrell have also applied for a grant for cemetery improvements. We are still waiting for approval. These efforts are greatly appreciated and benefit the town as a whole.

**RESOLUTION 2026 - 4**

The following Resolution was offered by Councilperson Morabito, who moved its adoption, seconded by Councilperson Gardner to wit:

BE IT RESOLVED, by the Town Board of the Town of Dickinson, Broome County, New York as follows:

**RESOLUTION: DIRECTING THE PUBLIC WORKS DEPT TO PREPARE A MAP AND PLAN FOR THE ESTABLISHMENT OF A SIDEWALK IMPROVEMENT DISTRICT PURSUANT TO TOWN LAW SECTIONS 190 AND 209-C**

The question of adoption of the foregoing Resolution was duly put to a vote on roll call which resulted as follows: All in favor. Vote Ayes-4, Nays-0, Absent-1.

Supervisor Marinaccio voting Aye  
Councilperson Gardner voting Aye  
Councilperson Exley voting Absent

Councilperson Burns voting Aye

All in favor.

**DISCUSSION:** The process of this is once the map and plan are completed which the town board would be in support of, it would be sent out to the state comptroller for their review to make sure that it is a wise financial investment for the town that doesn't overly burden the neighboring property owners. This will make sure it is a fair system. It will then allow us to create a Local Law then we can create budget related to those repairs. There are many questions and the map and plan will lay out the exact procedural steps so the good questions will all have an answer to them in the map and plan.

Attorney Coughlin explained this can be a benefit to the resident/businesses is that if their sidewalk falls into disrepair, Code Enforcer can site them with a citation stating they have

to repair it but the town will have the tax revenue budgeted to help do the tax repair for this district to replace those sidewalks. This Resolution will help fund all of that instead of finding grants to help pay for it.

The boards concern is what the tax cost would be for the residents/businesses on Front St. for the sidewalk snow removal. The map and plan will be able to help with the insight on all of those questions. It would become a new budget that the highway commissioner would manage as public works. The maintenance responsibility would come to the town and this would give us a source to pay for that which is the revenue that is generated for that district. It is approximately 2.3 miles that would fall into this district.

### **DEPARTMENT REPORTS**

#### **• HIGHWAY DEPARTMENT**

- Commissioner Kie commented that there were 2 water breaks, both in Sunrise Terrace.
- Municipal Clean Up Day will be May 16<sup>th</sup>. There will be no tires allowed.

#### **• PLANNING/ZONING**

Zoning board meeting will be held February 24<sup>th</sup> @ 6:00 PM

#### **• CODE ENFORCEMENT**

- Code Enforcer Doyle commented that there was a fire at the VOA on February 5<sup>th</sup> on the first floor. It was completely filled with smoke from the north end to the south end. It was a cigarette in a plastic can with a plastic garbage bag. It took an hour to ventilate the building. This has been an ongoing issue, so he has requested a meeting with the property managers to discuss some of the concerns there. He is waiting for a reply back. There is supposed to be no smoking on the property. There is also no sprinkler system and people have also refused to leave.
- Fire inspections – Elizabeth Church Manor was completed, and the REGAL theaters will be done this month.
- Code Books – several of them that are not being used. We are paying for all the Local Law updates to be put into them. We have narrowed it down to 5 that we feel that we must have. The Town Clerk, Commissioner Kie's, Code Enforcement, Supervisor, Shared- Planning & Zoning. The old ones need to be brought in to be recycled. The code is all very accessible online as well. The board agreed that this is acceptable.
- He is going to check on the lights being on at the BOCES sight that stay on in the evening after no one's there. A resident brought it to Councilperson Exley as a concern.

**PUBLIC COMMENTS**
